

# Acadia National Park Mount Desert Island Color Travel Guide: Your Ultimate Guide to Exploring the Beauty of Mount Desert Island

Acadia National Park is one of the most popular national parks in the United States, and for good reason. The park is home to some of the most beautiful scenery in the country, including granite peaks, sparkling lakes, and rugged coastline. Mount Desert Island, the centerpiece of Acadia National Park, is a particularly special place. The island is home to a variety of natural attractions, including Cadillac Mountain, the highest point on the U.S. Atlantic coast; Jordan Pond, a crystal-clear lake surrounded by granite cliffs; and Thunder Hole, a natural rock formation that creates a thunderous roar when waves crash into it.
