Print length : 240 pages

In today's complex healthcare environment, it is more important than ever for nurses to be influential leaders. Nurses who can effectively influence others can improve patient care, advance their careers, and make a real difference in the world.

This comprehensive guide will teach you everything you need to know about becoming an influential nurse. You will learn:

- The definition of influence and why it is important for nurses
- The different types of influence and how to use them effectively
- The key principles of building and maintaining influence
- How to overcome the barriers to influence
- How to use your influence to improve patient care, advance your career, and make a difference in the world

This guide is packed with practical tips, tools, and exercises that you can use to immediately start building your influence. Whether you are a new nurse or an experienced leader, this guide will help you take your career to the next level.

Who is this guide for?

This guide is for any nurse who wants to become more influential. Whether you are a new nurse or an experienced leader, this guide will help you develop the skills and knowledge you need to make a real difference in your career and in the lives of your patients.
