**Writing Dialogue: Examples Plus Tips**

Thandi and Tom met in a writing group.

 "Writing dialogue is easy," she said.

**"What? No way," Tom raised his brow.** 

 "Just remember these simple tips: First, **cut to the chase**. Avoid stock phrases such as "How are you?" and rote replies. They'll bore your reader," she said.

Secondly, **blend dialogue with descriptive narration**. Show mood and tone via gestures and 'action tags'." She clicked her pen.

"Third, use dialogue **to reveal key character details**. Someone's personality tends to shine through their diction or subjects they like.

"Fourth, **use dialogue to deliver plot**. Think, 'How can my dialogue reveal new information?' (Keep it natural though - avoid an info dump!)

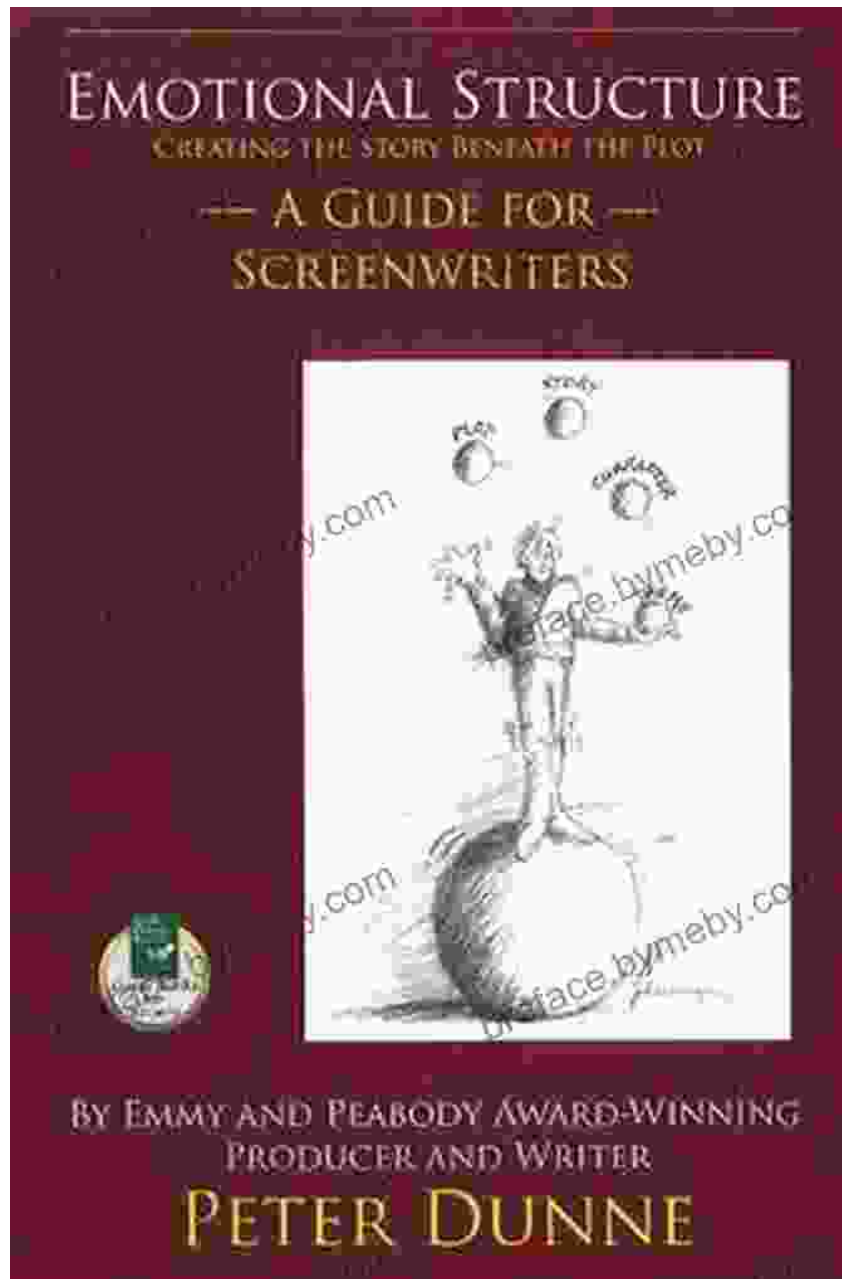

Lastly, **avoid odd dialogue tags that are difficult to say**. 'Said' hides the author's hand. Let the words spoken carry tone most."
