

Stories From My Grandmother's Time, My Mother's Time, And Mine

This book is a collection of stories that span three generations of women. It begins with my grandmother's stories of growing up in a small town in the early 1900s. She talks about her childhood, her family, and the challenges she faced as a young woman. My mother's stories pick up where my grandmother's stories left off. She talks about her experiences as a young woman in the 1950s and 1960s. She talks about the changes she saw in the world during that time, and the challenges she faced as a working mother. My stories bring the book up to the present day. I talk about my experiences as a young woman in the 21st century. I talk about the challenges I've faced, the choices I've made, and the hopes I have for the future.
