

While I Wait: A Journey Through Infertility

Infertility is a difficult and often isolating experience. For many people, it can feel like a taboo subject, something that is not talked about openly. This can make it even more difficult to cope with the emotional and physical challenges of infertility.

In her memoir, *While I Wait*, author Emily T. Wierenga shares her own personal journey through infertility. She writes about the pain of losing a pregnancy, the frustration of failed treatments, and the isolation of feeling like she was the only one going through this.

But *While I Wait* is more than just a story of infertility. It is a story of hope, heartbreak, and resilience. Emily writes about the strength she found in her faith, the support she received from her family and friends, and the lessons she learned about herself along the way.

While I Wait is a powerful and moving memoir that will inspire anyone who has ever struggled with infertility or any other life-altering challenge. It is a reminder that we are not alone, and that even in the darkest of times, there is always hope.
